I. Announcements – None
II. Discussion

Assignment of courses were made. Sue commented that many of the existing courses submitted looked like administrative actions and wouldn’t need the committee’s full review. The Registrar’s Office will look at the courses and determine if they can be submitted as administrative actions.

There was a general discussion about topics courses and general education requirement. The discussion included the possibility of exceptions being granted and a possible change to the current policy. Frances suggested the topic may need to be discussed by the Academic Council. There was a suggestion that UOCC look at some examples. Ron will ask science literacy for some.

**HIST 201, 202, 203** – Frances let the group know that she had come to an agreement with the History department and the title changes for the three courses looked fine. **UOCC approved changes to the title only.** The department is still seeking general education and multicultural status for the courses and that will be reviewed at a later date.
